Dear Gregory Slocum,

I am currently filing an application for US Citizenship and I will need to provide a statement from the City and County of San Francisco Department of Elections confirming my voter registration cancellation and that I never voted while registered. I would appreciate your help in my application as this statement will help me qualify for citizenship.

I accidentally registered to vote while attending City College of San Francisco because I thought I was registering to vote for student body of the campus.

May I request for a letter stating/including the following information:

- Voter Registration beginning and cancellation date
- Voter history stating that I never voted.
- My reason for accidental registration
- My contact info: Name, Address, SSN if known, DOB.
- Signed by an authorized and designated person from City and County of San Francisco Department of Elections.

Thank You,

Cruz
