Great. Thank you. It is possible our plans will change slightly, but we still intend to visit. I will take up those details with Mr. Thomas.

Would you be able to provide an email for Mr. Thomas in case I need to reach him before he contacts us? Thank you.

Noel Johnson

Mr. Johnson,

I was forwarded the message you sent Ken Menzel regarding viewing of the voter database. Mr. Menzel is no longer with the State Board of Elections and I was recently appointed Acting General Counsel. I will forward your contact information to Kyle Thomas, Director of Voting Systems and Registration, so he can touch base with you about your visit to the office.

Mr. Menzel,

I just tried you at the number you provided in your October 29, 2019 letter-312-814-6462. The line just kept ringing and did not go to voicemail.

In your letter you asked for reasonable advanced notice of when we plan to visit the Springfield office. My colleague Logan Churchwell (copied here) plans to visit your Springfield office on either January 31, 2020 or February 7, 2020 to inspect voter list maintenance records, including the statewide voter roll.

Thanks,

Noel
