Oscar Trujillo, DOB February 3, 1957

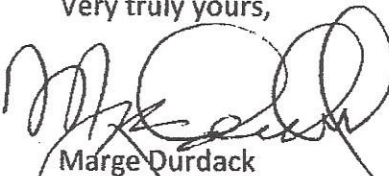

To Whom It May Concern:

The above captioned individual came to this office to request removal of his name from the NJ Statewide Voter Registration System because he is not a US citizen. This has been accomplished today, and this action is documented on copy of the updated Voter Profile attached. Mr. Trujillo has never voted in any election.

Voter has indicated that he never registered to vote, even though a voter registration form bearing this voter's name and signature, was received and entered into the voter registration system in February, 2000. This original voter registration application form has since been archived.

From time to time persons have signed voter registration application forms out on the street, not aware of what they are signing. Please feel free to call me if you have any further questions.

Very truly yours,

  
Marge Durdack

REQUEST FOR A HEARING ON A DECISION IN NATURALIZATION  
PROCEEDINGS:**

At your hearing on December 13, 2012 you were confronted with information indicating that you registered to vote in the state of New Jersey. The following facts surrounding your voter's registration were presented to you:

- The name associated with the registration is **TRUJILLO, Oscar**.
- The date of birth associated with the registration is **February 03, 1957**.
- The address associated with the registration is **7 Oakland Avenue in Pleasantville, NJ 08323-3227**.

- There is **no party declaration** attached to the registration.
- The registration is currently **active**.

When asked at your hearing if you had ever voted or registered to vote in the United States, you denied ever having done so. Regardless, you must obtain information explaining then, why you have a voter's registration attached to your identity. To do this, you should go to your local election authorities and have them explain, in writing, whether or not you registered to vote and whether or not you have voted in any election. They must also explain how the voter's registration became associated with you. If it is determined by the election authorities that you indeed registered to vote and/or actually voted in any election, they must also list the elections in which you voted and provide confirmation that you have been removed from the list of eligible voters.

*The requested documentation must be original or certified as original by the issuing authority. Photocopies without proper original certification are unacceptable and will be rejected. Original certification means original letterhead and raised seals or stamps. The certification must also be submitted to USCIS in a sealed envelope from the issuing authority.*

#### DID YOU KNOW?

The Constitution of the United States of America established that Presidential Elections should be held on the first Tuesday after the first Monday in November. The month of November was chosen by our founding fathers because by November, the fall harvest season was over and citizens have the time to travel to the county seat where most official business was conducted.

It was decided that Tuesday should be Election Day because Sunday was a day of religious observance and a day of rest, and the first Monday of the month was generally reserved for official court business in the county seat. Our fore bearers chose the first Tuesday after the first Monday as Election Day so that the voters would have a full day to travel to their polling place in order to exercise their right to vote.
